

Hi Andrew and Jackie...

We are finally settling in here in Santa Barbara....living the married life, writing thank you cards, oggling over the gifts. It's great!

We've been reminiscing about the wedding night and slowly hearing all the stories of everyone's experience.

About 75% of our guests have specifically gone out of their way to tell us that that was the Best Wedding They Have Ever Been To!!!!

And we feel the same way (Although, we might be biased!).

We truly enjoyed every moment of the weekend. You and your Lord Thompson crew were so helpful, calming, fun, and professional at all the right moments. Thank you for this and thank you for creating a place that fits all the flamboyant personalities and particular tastes amongst our ridiculous gaggle of friends and family. We would (and will) recommend the Lord Thompson Manor facility and services to all our friends who are looking.

Our photographs have arrived and we are very proud of how they turned out. Although you have a working relationship with a photographer already, KMoon Photography treated us great, and I would just like to give them praise in case you need some contract photographers to add to your list. If you want to see the property on that September 30, 2006 you can see our photos online at www.pictage.com

Search for event: **Nichole and Bill**

Event Key: **joyce**

Once again, our family and friends so enjoyed their time with you, that they want the good times to keep rolling!!! I wondered if the event for this New Year still has openings...

My mother has enquired already, I believe, and would love to hear back if there is any available tables left. I'm sure she could fill a full table of ten if there is, in fact, room.

I'm sure you all are still busy with fall weddings, so let me know as soon as you can.

Best to the Lord Thompson Family -

Bill Joyce and Nichole Price

PS. Say hello to Ted for us!
